EXPERIENCE

Intuitive Machines

Jun 2025 - Present

Data Analysis Intern

Phoenix, AZ

- Assisted with scientific analysis of NASA LROC NAC images and Digital Terrain Models (DTMs) using GIS software.
- Developed a photoclinometry pipeline to refine LROC NAC, LROC LOLA, and JAXA Kaguya DTMs up to 0.25x (4x better) pixel scale, approaching instrument native resolution.
- Developed a feature-based image-to-image and image-to-ground alignment pipeline for image preprocessing and mission support.

Collaborative Social Technologies Laboratory

Jun 2024 - Jul 2024

Visiting Student Researcher

Daejeon, South Korea

- Conducted NLP and LLM research; implemented scalable RAG/HyDE pipelines in Python.
- Delivered results to a board of researchers, showcasing technical and communication skills.

The LGBTQ+ Club at Barrett

Aug 2022 - Jan 2025

Director of Operations

Tempe, AZ

- Oversaw event planning and cross-organization communication.
- Coordinated executive operations and digital engagement strategy.

PROJECTS

A Reference-Guided Stacked Hourglass Network for Facial Landmark Detection

<https://github.com/osteofelidae/Honors-Thesis>

- Conducted literature analysis on facial landmark detection.
- Designed and implemented a novel facial landmark detection network architecture, mapping a reference face to a target face using dense optical flow fields. Achieved accuracy approaching that of previous state-of-the-art models.
- Synthesized results in a research paper-style report and presented to a thesis committee.

EDUCATION

Arizona State University

Jan 2026 - Dec 2026

Honors Computer Science, M.S. (Accelerated)

Tempe, AZ

- Degree in progress. Expected graduation Dec 2026.

Arizona State University

Aug 2022 - Dec 2025

Honors Computer Science, B.S.

Tempe, AZ

- GPA: 3.82. Dean's List Fall 2022, Spring 2023, Fall 2024, Spring 2025, Fall 2025.

OTHER

- **Technical Skills:** C/C++, Bash, Python, Java, JavaScript, GIS software, SQL, HTML, CSS, PyTorch, Node.js, React.js, Linux, AI/ML, automation, full-stack web development, low-level development, remote sensing.
- **Certifications:** Machine Learning Specialization (Coursera).
